Change your eBay password right now. I got an e-mail saying they were under cyber attack and then found a bunch of products in my cart.

[Worry]

Cyber attack on #eBay network. Likely that info of users compromised. #Cybersecurity threat looms again after #heartbleed about month ago Internet Retailer : E-Payments & Security - eBay suffers a cyberattack <http://t.co/JkuyC1r2lv> via @sharethis @eBay I understand you just underwent a cyber attack, but that doesn't mean you have to sacrifice customer service to "keep me safe" [Disappointment]

So I just get an email requesting me to change my password more than a couple days after they announced the cyber attack? #ebay hmm "The Guardian."

[Disappointment]

UK data watchdog considering eBay investigation over cyberattack. <http://t.co/XrekY22XTY>"

Why #eBay tells all users to change passwords? #cyberattack #databreach <http://t.co/maPSXFxd6>

"WHAT A DISGRACE"
/n

[Anger]

/n

Ebay sent me an email today/n

/n

eBay admits it kept massive cyber attack secret because it thought...
<http://t.co/SSmOCigOht>"

[Deny]

". @eBay email: ""Recently, our company discovered a #cyberattack on our corporate information network.""/n Nice #rephrasing of ROTTEN #SECURITY!" [Anger]

Ebay sends out notification to change password due to recent cyber attack.

#ebay asking all users to change passwords due to cyber attack on their website. dnt knw how much data was compromised.....

If you were wondering. Seven things you need to know about the eBay cyberattack <http://t.co/blucb2HFqR> via @Independent_ie #US states start investigating #eBay cyber attack as customers complain
